RUTH HANNA MCCORMICK
A GIANT IN THESE DAYS
BEES AS DETECTIVES
MONEY GOES TO MONEY

—By Arthur Brisbane—

TODAY Illinois has the opportunity to send an intelligent woman, Ruth Hanna McCormick, daughter of the late Mark Hanna, to the United States senate.

From the selfish point of view Illinois should elect Mrs. McCormick. She knows everybody, has influence, intelligence, great industry, and as senator would get for her state more practical recognition than any man nominated, could get.

From the point of view of decency the men of Illinois should be glad to honor an able earnest woman, honoring at the same time the women of their own family, their mothers and sisters, by sending Mrs. McCormick to the senate.

YESTERDAY PRIMO Camera, does not train 48 hours before a fight, made a social call, accompanied by his able manager Leon See, nephew of the famous Dr. See, physician to the Emperor Napoleon third.

It is impossible to exaggerate the bigness of this young Italian giant who will fight Mr. Neil Clisby, colored, tonight. He bends over to avoid hitting electric lights hanging from the ceiling, smiles a pleasant Italian smile and asks "pour qu'il," "why," when asked if he ever loses his temper.

Very obliging, he takes off his coat, rolls up his right shirt sleeve and bares his right arm. You know how Michelangelo seems to exaggerate the power of the human body, notably in his Sistine chapel paintings. Camera exaggerates Michelangelo as much as the latter exaggerates reality.

CARNERA, WHO speaks no English, speaks French extremely well in addition to his native Italian, and is studying English.

You know his measurements, height 6 feet 7 inches, weight when stripped, 275 pounds, chest 12 inches bigger than Dempsey's. His (Continued on Page 4)

MULLINS SHOW BOAT IN BANK

Sporty Model On View To Salem Residents; Wins Races

A Mullins roadster motorboat has been placed on display in the lobby of the Farmers National bank here today.

The roadster is one of the most popular semi-racing and marathons boats on the market at the present time. This boat was the outstanding feature at the New York and other boat shows where Mullins boats were exhibited this season.

This boat is a duplicate of the Mullins roadster that won a number of races last season among them the free-for-all displacement class at Lake Milton on Decoration day where it won first place. One of these models also won first place in the Ohio outboard races held at Lake Milton on July 4 and another Mullins roadster won second in the same race.

The roadster, as its name implies, is to the boating field what the fast automobile roadster is to the automobile field.

The flaming model of motorboat, also manufactured by the Mullins Manufacturing corporation, is on display in the lobby of the new First National bank.

Fish Distributed In County Streams

A truck load of finger-length fish from the State hatchery at Zoar arrived at Lisbon today, and under the direction of Deputy Game Warden L. W. Boring the stock was distributed in a number of county streams.

The first batch was placed in Beaver Creek at Sheltons Grove, and more placed in Sandy Creek at East Rochester. Other stock was put in Beaver Creek near the Y. M. C. A. camp in Madison township and another batch dumped in Bull creek near Rogers.

German Name Again Designates Place

COLUMBUS, April 8.—What was regarded by many as a "war scar" today had been removed by action of the city council here.

When anti-German sentiment was at its height at the start of the World War, the name of a south-side public park was changed from Schiller to Washington.

Petitions from residents in that vicinity asked that the park be again named after the famous German poet and the council acquiesced.

Charges Filed Against Autoist

ASSAULT WITH DEATH INTENT FACES DRIVER

Deputy Sheriff Reported Slightly Improved At Hospital

OTHER VICTIM IS IMPROVING

Police Believe Driver of Car Fell Asleep At Wheel Here

An assault with intent to kill charge is facing Harry W. Cushing, 23, of Pittsburgh, following the injuries received by Deputy Sheriff James Elliott Saturday afternoon when Elliott attempted to arrest Cushing for a traffic violation. He is held in the county jail at Lisbon.

Elliott, in Central Clinic hospital here, was reported as slightly improved at noon today. He sustained severe cuts, bruises and internal injuries.

Cushing was arrested at Pittsburgh Monday on a John Doe warrant by Sheriff W. J. Barlow, following tracing of the license number of the automobile which he admits he was driving when Elliott was injured, according to authorities.

He will be arraigned before Justice of the Peace M. K. Zimmerman in Lisbon some time today.

Swerves Car Across Road Cushing, according to witnesses, swerved his car across the road when Elliott was on the running board after ordering him to drive to police headquarters. The car swept close to a tree and crushed Elliott between the tree and the machine.

Attorneys from Youngstown and Pittsburgh and a representative from the General Motors Acceptance corporation, which employs Cushing, were present at Lisbon when he was questioned by Prosecuting Atty. John E. Baucknecht, Monday afternoon.

The condition of Howard Schmid, Salem man who was injured early Sunday morning in an auto crash here was reported as somewhat improved at noon today.

Investigations by police into the cause of the accident resulted in statements today by Patrolman Ralph Stoffer that it was probably the result of Moore's falling asleep at the wheel. The accident occurred near the intersection of North Benton rd. and West State st. Stoffer stated.

The crash occurred about 4:45 a. m. Sunday. Schmid sustaining a fractured skull, bruises and lacerations while Moore was cut about the ace.

COOPER TO RUN FOR GOVERNOR

Ohio Executive Makes Indirect Statement As To His Entry Into Race

SPRINGFIELD, April 8.—Voters of Ohio today had the formal assurance of Governor Myers V. Cooper that they would be called upon to consider his name on the primary ballot August 12, when nomination of his successor will be made.

Responding to a question by newspapermen here last night, Governor Cooper declared: "I think everybody understands that I intend to run for office again." Thus, without making a formal statement of his candidacy, the chief executive gave affirmation to belief that he would again seek office, implied last week with starting of circulation of nominating petitions over the state.

County Contest In Spelling April 19

LISBON, April 7.—The annual spelling contest among pupils of rural schools under the supervision of County Superintendent H. C. Leonard will be held in the David Anderson high school, Lisbon, Saturday, April 19.

Contestants in this contest are those who have been determined winners in district and township contests.

In the county contest, Supt. Leonard will be assisted by his two assistants and State Representative W. H. VanFossum, who is a member of the county board of education. The contest will be between children of the fifth-sixth grades and the seventh-eighth grades, and about 160 children will be entered.

Ohio Cities Dry In Prohibition Voting

NEW YORK, April 8.—Two Ohio cities, Athens and Lima, registered approval of prohibition in figures announced today in the Literary Digest prohibition poll.

The vote was:
Enforcement Modification Repeal T.
Athens, O. 219 109 90 418
Lima, O. 644 470 438 1552

MRS. Ruth Hanna McCormick, daughter of the late "Mark" Hanna, who is opposing Senator Charles S. Deneen, for the Republican nomination for United States Senator from Illinois. The campaign is one of the hottest staged in Illinois in years and is attracting national attention. Voters are making their selection today.

SET RULES FOR TRAFFIC FINES ADOPTED HERE

List Prepared by Mayor, And Police Chief; 17 Charges Named

Violators of Salem traffic ordinances entering pleas of guilty or being found guilty here will be given fines according to a list compiled by Mayor John M. Davidson and Police Chief T. W. Thompson.

Fines have been established for 17 violations of traffic ordinances here. The list has been placed on display in the courtroom of Mayor Davidson.

Operation of a motor vehicle while under influence of liquor results in the largest fine, according to the ordinance. A fine of \$100 and costs, a total of \$105.00, is assessed against all persons arrested on the charge.

Operation of an automobile with improper license number will result in assessment of fine and costs totaling \$33.60 while reckless driving brings fine and costs to the amount of \$15.00.

These fines will be assessed only against first-offense violators. Increases will result if an offender appears in court on a second charge. Costs in all cases total \$5.00. Fines on other counts follow:

One dollar and costs—parking over one-hour limit on Broadway and East State st; parking in prohibited zones; parking with left side to curb; parking nearer than 50 feet to intersection; not parking parallel one foot from curb; not parking at 45 degree angle on Broadway and two feet between machines; lights not burning properly; violation of no U-turn order in business section.

Two dollars and costs—parking in front of fireplug; violation no left-turn laws; driving nearer than a block to fire; failing to heed patrolman's signal; operating motor vehicle with cutoff open; failing to obey traffic lights.

Tubes Stolen From High School Radio

Theft of six radio tubes from the new radio at the high school building was reported by J. S. Alan, superintendent of schools, to the board of education Monday night.

The tubes, valued at \$17.60, were stolen at some time during the past weekend.

Darrow to Debate COLUMBUS

COLUMBUS, April 8.—Clarence Darrow, noted lawyer and avowed wet, and Senator Smith W. Brookhart of Iowa, dry Republican independent, will debate the question of proposed repeal of the eighteenth amendment to the constitution here tonight. This is their second debate on the question, the first having occurred in New York last winter.

PYTHIANS HEAR PROBATE JUDGE

Lisbon Jurist Addresses District Gathering Here Monday

Judge Lodge Riddle, of Lisbon, was the main speaker at an open county meeting of Knights of Pythias Monday evening in Salem with Salem lodge No. 142, Knights of Pythias, host, at the hall, South Broadway.

Over 100 were in attendance coming from various points in the county. County Deputy Phillips, of Lisbon, presided.

Joseph Thorpe, of Washingtonville, gave the invocation. Other numbers on the program were: Piano solos, Mrs. Charles Sneyel; readings, Anna Wagner; piano accordion selections, Mr. Ronesky; vocal solo, Arnold P. Lutes, accompanied by Mrs. Ruth Berry; selection by a quartet composed of Columbiana women; selection by a men's quartet composed of Salem men.

Following the program dancing and cards entertained. The next county meeting will be held May 5, at Wellsville. On April 28 the page rang will be conferred at Cleveland. It is expected that there will be 500 candidates in the class.

Removal Of Depository From Sidewalk Puzzles Officials

ALLIANCE, O., April 8.—Ordinarily when a city council wants to correct or remove a sidewalk obstruction, the powers that be merely notify the superintendent of streets to remove it—and it is removed. Just like that.

But no superintendent of streets ever existed who could solve Alliance's sidewalk obstruction problem so easily.

Alliance's big problem weighs three tons. No one has the impunity to try to kick it over into the gutter. Nor can any team of horses drag it away. The obstruction that has worried the city fathers here, and others, is the steel and concrete depository of the New Mount Union bank, which was placed on the sidewalk to accommodate persons who want to place valuables in safe-keeping over night.

The bank installed the depository over the protest of city council, but today city officials had a letter from President F. E. Henry, Jr., of the bank, informing them the bank will ask the engineers who installed the thing to take it away—even if a derrick is needed to do it.

"Another triumph for biggers and better sidewalks," the city fathers said.

IMPROVEMENT OF RAIL CROSSINGS REQUESTED HERE

Business Bureau Offers Its Aid to Council And to Police

PARKING PROBLEMS AIRED AT MEETING

Merchants to Cooperate With Officials In Projects Here

Improvement of two Pennsylvania railroad grade crossings in Salem is sought by members of the Salem Business Bureau.

At its meeting Tuesday morning, the bureau decided to offer its services to city council in an attempt to have the railroad company improve the West State st. and New-garden st. crossings, both being very rough.

The bureau also voted to cooperate with Chief of Police Thompson and Mayor J. M. Davidson in their efforts to bring about a more general observance of traffic regulations in the city. All business and professional men will be asked to park their cars on other than the main business streets.

Chief Thompson is working on a plan to establish a few 15-minute parking spaces on East State st. and S. Broadway, but the merchants felt that efforts to reduce violations of the present one-hour restriction should be made first.

Members of the bureau decided to close their places of business on Wednesday afternoons during July and August.

BOARD PLANNING IMPROVEMENT ON REILLY STADIUM

Will Repair Playing Field And Build Bleachers And Brick Wall

P. S. Barckhoff, Salem city engineer, has been retained by the board of education to draft plans for the construction of a brick and concrete wall and concrete bleacher seats at Reilly athletic stadium.

Plans for the erection of the wall and bleachers and general improvement of the athletic plant gained impetus in the meeting of the board with the award of a contract to the Canadian-American Forestry company, Limited, for reconstruction of the playing field. While Barckhoff will probably submit plans at the May meeting.

The entire playing field will be reconditioned with the sowing of new grass and re-sodding of certain sections. Cost is estimated at approximately \$1,215.

The regular playing field will be improved during the summer months during which it will be closed to sporting activities. The construction work on bleachers and wall will also be on progress at that time.

George Steele, Salem, was elected caretaker of the field by the board.

EXPECT RELEASE OF J. E. BRISTOW

American Oil Man Held Captive By Mexican Bandits; Son Pays Over Ransom

SAN ANGELO, TEX., April 8.—The San Angelo Times today said that an emissary of Mexican bandits holding J. E. Bristow, San Angelo oil and mining operator, had accepted 3,000 pesos gold ransom, and that Bristow's release was believed certain.

The money was said to have been paid yesterday at Abilene, Texas, Mexico, with the understanding that the amount was satisfactory to the remainder of the kidnappers, in retreat in the mountains south of Abilene.

Bristow was expected to be taken to Jalisco and released.

Obit Bristow, former Oklahoma university football star, and a son of the captured man, entered Mexico soon after his father's capture three weeks ago, in an effort to obtain the elder Bristow's release by the payment of ransom. It was believed his negotiations have resulted in acceptance of the money.

Cripple Travels Far To End Life; Drowns

LONG BEACH, CAL., April 8.—How William O'Brien, 55, county poor farm inmate and an incurable cripple, pulled himself over 12 miles of country roads in a wheel chair and then plunged into the ocean from the end of a pier, was revealed here today. His body has not been recovered.

METZER NAMED BAR PRESIDENT

Salem Man Elected Head of County Body; W. B. Moore Appointed Secretary For 19th Term

L. P. Metzger of Salem, was elected president of the Columbiana County Bar association at the organization's annual spring business meeting in Lisbon.

L. P. Metzger of Salem, was elected the law firm of Metzger, McCarthy, McCorkhill, here.

W. H. Vodey of East Liverpool was elected vice president while William B. Moore of Lisbon, was appointed secretary.

Moore's re-election to office of secretary marks his 19th term in that office.

GANDHI GAINING MUCH SUPPORT IN SALT DRIVE

Merchants of Bomba Shuts Doors In Sympathy With Leader

(By The Associated Press) BOMBAY, INDIA, April 8.—Most of the Hindu and Parsi shops in Bombay city suspended business today in response to the hartal of strike call of the Bombay congress committee of the India national congress. The hartal is in protest at arrest of K. F. Nariman and Jamanlal Bajaj for their activities in behalf of Mahatma Gandhi's salt law violators.

Nariman, who is a most prominent Swarajist, or Indian nationalist, was sentenced to one month's simple imprisonment for infringing the salt laws. Most of the local shops closed but a number of Muslim shops remained open. Two thousand school boys threw down their books and joined the hartal.

Despite widespread rumors that his arrest was imminent, Gandhi today was allowed for the third time since Sunday to manufacture salt in defiance of the British monopoly.

Today's violation was on the beach at Aat, where yesterday police crashed with Satyagrahis, or nationalist volunteers, and bruised the heads of some who refused to give up their salt, but, in pursuance of Gandhi's doctrine of non-violence, would not fight.

Generally Gandhi's followers are maintaining an almost strict adherence to his passive doctrines and are refraining from violence, but a few clashes with the constabulary were reported. Police fired on workmen in the Mysore gold mines, southern India, who got out of hand during a strike and stoned officials. There were 50 casualties.

400 EXPECTED AT BANQUET IN CITY

Eastern Stars Will Have Annual Event At Temple Here

A banquet at 5:30 p. m. will be a feature of the eighth annual meeting of the association of chapters of District 13, Order of Eastern Star, which will be held in Salem Wednesday afternoon and evening at Masonic temple. Salem chapter is planning to serve 400 at this banquet.

The meeting will open at 1:30 p. m. with Mrs. Gertrude Stewart, of Salem, district president, presiding.

Roll call of district officers, reports of officers, committees, etc., with the Memorial service are included on the afternoon program.

Worthy Grand Matron Elma Hurlinger, of Springfield, will give the address at the evening session when the annual inspection of Salem chapter will be held.

Nineteen chapters compose the district and all are expected to be represented at the meeting.

Jury to Quiz Fatal Quarrel; Man Killed

NEW PHILADELPHIA, April 8.—Probing by the Tuscarawas county grand jury into the death of John Aul, 27, Strasburg, who died from a skull fracture which was inflicted with a brick during an alleged quarrel with his cousin, Paul Aul, 26, was announced here today by Sheriff Harry C. Smith.

Relatives of the victim asked for prosecution.

Fifteen Made Ill From Eating Pork

PLACERVILLE, CAL., April 8.—Fifteen persons, three of them in a critical condition, were being treated today for trichinosis. They were stricken after eating pork at a birthday party.

PLACERVILLE, CAL., April 8.—Funeral services will be held at Berea Wednesday afternoon for Mrs. Elene Sumner, Cleveland newspaper woman who died yesterday following an operation. At death she was a member of the Cleveland Plain Dealer staff.

FAIRVIEW HAS PETITION FOR SALEM BOARD

No Consideration Now Is Word; Must Wait Year For Any Action

OPERATE ONE ROOM BUILDING IN AREA

Perry Inclusion Problem To Be Worked Out At Present

Annexation of Fairview school district of Salem township to the Salem city school district was petitioned by a group of township residents at the monthly meeting of the board of education at the high school building here Monday night.

Eight residents of Salem township, seven from Fairview and one from Highland township, appeared at the meeting and presented the request. The petition, the group told board members, is being forwarded in the Fairview district as a result of general dissatisfaction in that rural area with its present educational system.

Sam Hilliard Teegarden rd. appeared as spokesman for the visiting delegation, and explained to the board the situation now facing the Fairview district, which, through a consolidation plan effected by the Columbiana county board of education, is now a part of Butler township school district.

Have One Room School Hilliard stated that H. C. Leonard, county superintendent of schools, had explained to the Fairview group that their district would be released from its inclusion as a part of the Butler district if the Salem city board agreed to annex it to the municipal system.

PROCEEDS FROM CONCERT BOOST HIGH BAND FUND

\$918.75 Will Be Used In Purchase of Uniforms, New Equipment

Donations received from the Kiwanis club as a result of the benefit concert held here two weeks ago increased the fund of the Salem High school band to \$918.75. R. W. Hildendorf, high school treasurer, reported to the board of education Monday night.

The school band received \$515.60 from the service club from the concert. The money will be used for purchase of an entirely new outfit of uniforms for the band and a large tuba horn.

Baseball proved a losing sport, financially, here during the past season, the school athletic association being forced to add \$150 to that fund in order that it show a surplus of 22 cents, the report showed. The complete association budget totals \$548.33 but at present individual athletic funds total only \$28.41.

Senior Fund Large The Senior class fund, containing \$1,295.25 is the largest in the school. The complete report submitted by Hildendorf, follows:

Athletic association—Basketball 22 cents; cross country, \$10.84; football \$1.06; minor sports \$13.73; track \$2.56.

Class funds — Seniors \$1,295.25; Juniors \$68.01; sophomores \$8.45; freshmen \$1.58. Total \$1,961.29.

Clubs — Band \$918.75; Biology \$2.01; Commerce \$9.01; French \$6.87; Glee club 50 cents; Hi-Tri, deficit of \$5.70; Hi-Y \$82.01; Latin \$5.75; Salesmanship \$19.49; Science \$6.51; Spanish \$13.25; Tumblers \$4.60. Total \$1,062.85.

Literary—Debate \$1.21; Quaker contingent \$350.52; Quaker current \$3.25.

Office—County schoolmasters \$13.95; general \$25.17; history \$166.57; locker \$188.50; May day \$1.55; radio \$57.94; total \$462.77.

Nurse Conducts 538 Health Inspections

A total of 538 individual health inspections were conducted by Mrs. Ruth Kase, public school health nurse during the month of March. Mrs. Kase submitted her monthly report to the board of education Monday night.

Forty-one group inspections were held. A total of 30 classroom health talks and 18 individual talks were given. The complete report follows:

Pupils excluded 12; pupils readmitted 12; miscellaneous inspections 60; complete inspections 148; consultations with teachers 41; consultations with parents 20; first aid rendered to 220 pupils; field visits, 78.

A BIRD IN THE HAND

The federal farm board, in all probability, will assume a much higher place in the economic history of the United States than it is accorded as a current, and somewhat doubtful, experiment. The very fact that it is a grossly abused bulwark for the barbs of adverse criticism from all quarters is a measure of its coming significance in national economies.

It is an apparent fact that agriculturists have felt the lack of some central organization to coordinate production and marketing.

Buyers have held the inevitable advantage found in every case where unified interests deal with individuals. In the western states, where large regions are devoted to the production of one basic crop, moderately successful attempts at organization have been made by agriculturists, but so many factors remain out of control that balance is impossible.

It was to better this condition that the federal farm board was created by a president who had pledged himself to that task. It was because Mr. Hoover recognized that something more than advice was needed, that a huge sum of money was placed at the disposal of the new organization.

No one expected the farm board's operation to be faultless, yet there has been slight evidence of willingness to condone its errors.

The federal farm board, at present, faces a mighty task, even greater than it encountered in the creation of a subsidizing corporation to stabilize the price of wheat.

Its efforts in that endeavor may have been poorly conceived and executed; its new program has not yet been tested completely.

A ten per cent reduction in the acreage of spring wheat, now being planted, is the keynote of the program.

Farmers are urged to plant the acreage salvaged from wheat in flax, for the production of flaxseed, of which this country imported more than 25,000,000 bushels last year.

The United States production, chiefly from the Dakotas and Minnesota, amounted to only 17,000,000 bushels. It is recommended that other acreage salvaged from wheat be sown in clover and other grasses, and in feed crops.

A survey by the department of agriculture indicates that farmers of the country were planning on March 1 to reduce their wheat acreage only four per cent.

Whatever head that will be given the farm board's request for decreased wheat acreage must be given soon. An over-supply of wheat threatens and the only salvation lies in a reduction of spring wheat. Almost two-thirds of the nation's wheat acreage goes to winter wheat and it is too late to do anything about that.

The whole matter resolves itself into a case of how much cooperation the farmers are willing to give to a body created for their betterment.

Is their faith strong enough to convince them they can gain by reducing their acreage, or will they leave reduction up to the neighbors? Millions of farmers have been taught that the "bird in the hand" is their only concern.

Can the federal farm board turn their attention for a few weeks to the "bird in the bush?"

Mrs. Grundy has long been a source of anxiety to some members of the senate, and seemingly, Mr. Grundy has become even a greater one.

Maybe Silent Cal, after free-lancing for a few months, is willing to admit that running in 1928 might not have been so bad.

What Others Say

"TOO RICH TO BE LOVED"

Owen D. Young said a number of interesting things in an arresting way at San Francisco the other day which deserves to be pondered by Americans. "America," he said, "as the greatest creditor nation, is more interested than any other in economic integration. It is inevitable that from an economic point of view she takes an interest in and be concerned in the material problems and affairs of every country on the globe." This is, indeed, true—and America's concern with material things in outlying countries forges ahead all the time, regardless of the words of theorists, for, as Mr. Young says, "we must remember that politics and economics are not the masters of men—they are their servants. The managers of both too often think and sometimes act, as if human beings were merely the fodder of political and economic mills." This is also true. The situations which sometimes arise to plague are usually of our own creation and cannot be justly put off on the politician's shoulders.

"America," says Mr. Young, "is too rich to be loved. She is well off enough to be envied." Would that more Americans realized this fact! We are so sure of our own good intentions that we cannot believe that other nations may see something sinister in us. Because we are happy and proud by the present world order we assume that no other nations have an interest in changing it. If only the falsity of this assumption were known there might be a more understanding view of such questions as national defense. But even if such a view is not immediately in sight we may be grateful to Mr. Young for having stated so crisply such pertinent facts about America's place in the world.—New York Herald-Tribune.

The Stars Say

For Wednesday, April 9.

A very active day, but one not entirely propitious for important interests is foreshown by the prevailing lunar and mutual aspects. While there may be unrest, frustrated hopes, delays and anxiety concerning new projects and employment, yet all things pertaining to writings, publishing and promotion should be under fine impetus for success. Personal affiliations should prove interesting and give gratification.

Those whose birthday it is may expect a very active year, although many of the affairs may be beset with difficulties and anxieties. Labor, employment and new projects may meet with unrest, delays and disappointments, but all pertaining to writings, promotion and publishing should flourish, and also all connected with domestic social and affectional affairs.

A child born on this day should be particularly versatile and accomplished, but nevertheless may meet with many setbacks and difficult situations to combat in its daily affairs. Its personal affiliations may, however, offer many pleasant compensations.

HEALTH

By Dr. Royal S. Copeland

PELLAGRA

Pellagra is a disease which was first discovered in northern Spain away back in 1735. Fortunately it is a disease of man found in relatively few places.

For many years it was common only to some parts of Italy. In the past century people of France, Roumania and Egypt have been afflicted by it. The United States did not recognize the disease as such until 1908.

It was first discovered in Georgia. Among the poor and undernourished in some towns the diet was very much restricted to corn. Here it was that pellagra was found to thrive. Since that time pellagra has rapidly increased in the rural South and Middle West. By 1917 there were reported some 175,000 cases.

Investigators of this disease have attributed it to many different factors. Now the leading authorities agree that it is due to faulty diet.

Good Hygiene
The disease involves the nervous system, the digestive tract and the skin. There are pronounced gastric disturbances, nausea, gas formation and diarrhea. Skin eruptions appear in spots or groups of spots. It may look not unlike sunburn. After a few days these symptoms pass and the skin is left rough and scaly.

There is burning in the mouth and swelling of the tongue. Pains are felt here and there. The sleep is broken.

Proper food and good hygiene are the secrets of cure for this trouble. One should follow diet composed of plenty of sweet milk, buttermilk, steak, lamb chops and the white meat of chicken, fresh fish, canned salmon and the finer graded vegetables.

It is more important that the health be built up by the use of this nutritious but simple diet. Vigor and vitality will be restored and resistance to disease secured.

Most interesting are recent experiments in pellagra made at the Georgia State Sanatorium. It has been found that canned salmon contains the preventive factor for this disease. Certainly it is a good as well as a cheap substitute for meat in the diet when the latter is not available. Among the poorer classes in the industrial towns of Georgia the diet has consisted largely of corn and

corn products. It was evident that these people were not well nourished.

Proteins Necessary
There were eighteen women upon whom this experiment was made. It covered a period of a year. When canned salmon was used in the diet none showed any signs of pellagra. Without salmon, fully 40 to 50 per cent of them had evidence of pellagra within three to seven months. It was concluded that the right sort of protein food, as fish, meat or milk products is necessary in the prevention of pellagra.

It is important that the proper selection of food for the promotion of health and well-being should be understood by everyone. This fact has not been properly appreciated in the past.

Twenty Years Ago

(Issue of April 8, 1916.)
Salem people will regret to learn that the Y. M. C. A. movement in this city has been abandoned.

That the Salem postoffice will within a short time be placed in first class is concluded from the fact that the total receipts in this office for the business year, March 31, 1935, to March 31, 1936, amounted to \$40,340.36, according to Postmaster W. S. Atchison's report.

According to local authorities the heavy freeze of Thursday night has damaged the early peach, cherry and pear crops to some extent.

Honoring Miss Millie Edwards, Miss Mabel Greenmeyer, of Damascus rd., entertained 12 girl friends at a chicken dinner Thursday evening.

Rev. and Mrs. C. H. Emminger, of Springfield, Ind., arrived Thursday and will make their home at Winona. Rev. Mr. Emminger will have charge of the Friends church in that place.

Judge P. A. Laubie went to Cleveland Friday to visit his son Ralph, for a few days. He will go to Carrollton next week for a circuit court session.

Salem friends will be interested to know that Arthur Adams, formerly of this city, has just opened up a music store, under the firm name of the Adams Piano company, at Covington, Ky.

The census badge is much the same this year as in 1930.

Louis Cramer, 73, died Friday morning at his home, south of Canfield. He has three sons, M. N. W. S. and C. L. Cramer all living in the vicinity of Canfield.

A marriage license has been issued at Lisbon to Ella Couts and Miss Cora Niederhoffer, of Salem. Jacob Hirsch on Friday moved to this city from Brookfield, Pa. to Park st. Mr. Hirsch is a steam shovel engineer.

Acid Stomach

Excess acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips' Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention.

One spoonful of Phillips' Milk of Magnesia neutralizes instantly many times its volume in acid. It is harmless and tasteless and its action is quick. You will never rely on

crude methods, never continue to suffer, when you learn how quickly and how pleasantly this premier method acts. Please let it show you—read it. Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acid; 25c and 50c a bottle—any drug store.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875. ADV

It Is Easy To End Fat

That is, in the right way, used by modern physicians. No abnormal exercise or diet, but help to a gland that is weak. The recent large reduction in excess fat has been largely due to that method.

This modern method is embodied in Marmola prescription tablets. People have used them for 22 years—millions of bones of them. In almost every circle you can see the amazing change it brings.

If over-fat, you owe yourself a trial of Marmola. Don't remain abnormal. All druggists supply Marmola at \$1 a box. Each box states the formula and tells the reasons for results. Start growing thin, as your friends have done, at once.

Making The Beginning

MAKING the beginning is one-third of the work," says an old Irish proverb.

The father who wants to see his son make rapid strides ahead, begins to give him financial backing while the boy is still of high school age.

A good bond tucked away in a safe deposit box is not only a sound nest egg for the son, but the giving of it makes a sound bond between father and son.

MELLON ACCUSED OF WET ACTIONS

Statement by Brookhart Says Cabinet Officer Opposed Dry Laws

WASHINGTON, April 8.—A plea that dry members of congress unite for the "testing hour" of prohibition is the outgrowth of the senate's latest discussion of the anti-liquor laws, a debate which saw Secretary Mellon accused of conducting a campaign against the eighteenth amendment.

The author of this charge was Brookhart of Iowa, an ardent champion of prohibition. It was answered by Senator Fess of Ohio, who defended the cabinet officer and called upon the drys to leave off their bickering over enforcement and unite for the crucial period which he believes is just ahead.

Brookhart said that Secretary Mellon is not in sympathy with the dry laws and has been "conducting a campaign" against them through W. W. Atterbury, the Republican national committeeman from Pennsylvania, and the Union League club of New York.

Atterbury is a director of the association against the prohibition amendment and recently appeared as a wet witness in the hearing of the house judiciary committee. He is the president of the Pennsylvania railroad. The Union League club recently took a poll on its members which showed wet sentiment to be the majority.

Wetts contended that it was unfair to bring Secretary Mellon with Atterbury's act or with any action taken by the Union League club.

FEDERAL ACTION IN GINGER CASE

Jury Indicts 35 As Wave Of Paralysis Sweeps Over Wide Area

COVINGTON, KY., April 8.—Federal law enforcement agencies moved today to remove the source of what health officers believe to be the cause of the recent outbreak in Kentucky and other states of partial paralysis—adulterated Jamaica ginger.

Following the voting of 35 indictments by a federal grand jury here for conspiracy to violate the prohibition laws, two federal officers today were on their way to eastern cities to serve capias warrants on indicted officers of various concerns charged with manufacturing or distributing the product.

Bakery Smith, federal district attorney, declared government chemists have found that denatured alcohol was the principal ingredient of the ginger concoction, with eastern oil used as a solvent. He declared manufacturers have profited as much as \$1,700 a barrel on the product.

SCHOOL REQUEST

(Continued From Page 1.)

nical area. The district, he explained, had received no benefits from its consolidation with Butler township schools and is still forced to operate its one-room schoolhouse.

F. J. Emery, president of the Salem board, promised consideration of the project, but explained that no action can possibly be taken for at least one year. At the present time, he explained, the city is faced with the necessity of accommodating students who will enroll in local schools from Perry township, a school district which will be added during the summer.

The Fairview delegation visited the meeting in efforts to gain this consideration guaranteed them by Emery and issued a special plea that the matter be studied at the time when the city begins making plans for the construction of a new school building here. The new school will become a necessity here within the next year or two, it was explained.

Thirty-eight in School

There are 38 pupils attending Fairview school at present. All are grouped together in a one-room building presided over by one teacher who has charge of each of the eight grades. Only nine subjects are taught in the entire eight grades, Ralph Huston of the Fairview district declared, making it impossible for their children to obtain advantages such as are available in Salem schools.

As a result of the consolidation plans effected last year in the county, five Salem township districts were united with the Leontonia district. These five districts were all located in the western portion of the township and the remaining two eastern districts, Fairview and Highland, were combined with Butler township. This latter combination has forced an increase in the taxation rates of Highland and Fairview but has afforded no additional advantages. Both areas are still operating one-room buildings.

A centralized school building is being considered for the Butler district but the delegation wished to ascertain whether it will be possible for Salem's district to take their actions in before they make any definite plans. According to Fairview representatives, the new centralized school will still fail to approach the number of advantages offered here.

Original plans were that both Highland and Fairview would send a delegation to the city board's meeting but the former sent only one representative and he did not wish the board to include his district in its plans until a representative gathering visits one of the sessions here.

The following men attended the meeting as representatives of the township: Sam Hilliard, H. R. Vincent, J. U. Thomas, Ralph Huston, P. B. Glass, F. R. Hart, R. E. Johnson and Arthur Butcher. All are residents of Salem, R. P. D. No. 2.

Mothers Involved In Modern Version Of Biblical Drama

CINCINNATI, O., April 8.—A twentieth century allegory on the Biblical narrative of King Solomon and the story of two mothers who claimed the same child, today had been written into the records of the general hospital here, but in this tale, the story ended happily for both mothers.

The principals in the strange episode, which bordered on the dramatic and during which one of the mothers nursed the wrong baby for eight days, are Mrs. Ella Adams and Mrs. Eunice Adams.

When Mrs. Eunice Adams visited the hospital yesterday to see her newly-born child who had been left in the hospital for treatment, she became alarmed when she saw a four-pound baby indexed as her own.

"That's not my baby," the mother

MINE WORKERS DIE IN CRASH

Two Killed, Three Injured Badly When Automobile Hits Street Car

WILKES-BARRE, PA., April 8.—Two mine workers were killed and three others probably were fatally injured today when the automobile in which they were enroute to work at the mines was struck by a traction car at Nanticoke, near here.

Ray Howard, Alex Nicholson and Fred Ridgeway, the other occupants of the car, were taken to the hospital. All were unconscious and in a critical condition.

The five men were employed at the Loomis colliery of the Glen Alden coal company.

Yancey To Return To Coast by Boat

HAMILTON, BERMUDA, April 8.—Unable to make suitable repairs on a broken pontoon strut, Captain Lewis Yancey, commander and navigator of the flight in the Pilot from New York last week, decided today to place the plane aboard a ship for home.

It had been the plan and desire of Captain Yancey and his companions, William Alexander and Zeh Bouek to make the return trip by air, but he found it impossible to mend the strut, which was split, and said business in the states prevented him from delaying the return.

in the county will be paid from the last settlement as follows:

East Liverpool \$99,150.46; Rogers \$1,300.63; New Waterford \$4,336.91; East Palestine \$34,738.38; Wellsville \$37,466.98; Columbiana \$14,546.15; Salineville \$10,634.74; Lisbon \$13,556.77; Washingtonville—transferred to the Leontonia school district; Leontonia \$11,644.11; Hanoverton \$3,789.28; Salem \$52,131.31.

During the collection of taxes, advances to the various townships amounted to \$24,700 and to school districts \$271,300. Municipal corporations received advanced totaling \$93,500.

The current settlement discloses that approximately \$2,000,000 is collected and distributed in taxes in Columbiana county during a fiscal term.

MERGER BATTLE REACHES CLIMAX

Stockholders of Sheet And Tube Company Meet Today

YOUNGSTOWN, O., April 8.—It was the zero hour in the steel world today as the spectacular war over a proposal to merge Youngstown Sheet & Tube Co. with Bethlehem Steel corporation came to a climax here with a meeting of stockholders of the Youngstown concern.

With the meeting a practical certainty despite the efforts of forces opposing the merger to forestall it through the federal courts and have it declared "null, void, and illegal," the anti-mergerists went out along a new battle front this morning in a desperate, last minute attempt to kill the merger move.

An injunction suit to restrain the merger proxy committee from voting 51,000 shares of stocks bought by Otis & Co., March 22, was filed in common pleas court here shortly before midnight. Service was obtained on defendants early today.

Man Shoots Bride Then Ends Own Life

NEW ORLEANS, April 8.—After probably fatally wounding his 23-year-old bride of a month, Solon Rogers, 29, salesman for a Memphis steel company, killed himself today with a pistol.

The woman said she and her husband had agreed to separate this morning and had come to a complete understanding about the matter. She is not expected to recover.

More Smallpox Cases Reported

Lisbon Families Confined To Homes by County Health Doctor

LISBON, April 7.—Three new cases of smallpox have been reported in Lisbon by County Health Commissioner Dr. Thomas T. Church. Six of these cases are now confined within the Shive family on the Salem-Lisbon road near the northern corporate limits of Lisbon, and two in the Wickham family at 225 East Washington street.

Beginning Monday morning, children were being vaccinated at the County Health office upon request of parents.

"It will take about three weeks to determine the situation in Lisbon," Dr. Church announced today. "We are unable at this time to tell what will occur. We do urge, however, that both men, women and children be vaccinated immediately as a precautionary measure, providing they have not been heretofore."

SAVE WITH ICE

Meet April Days with Plenty of ICE

TEMPERATURES vary a lot these spring days — warm one hour, chilly the next. It is then that foods must be especially well protected to keep them fresh and flavorful, safe for the family table. And foods kept in a welliced refrigerator will stay fresh and pure. The temperature is at a constant low cold, and the air neither too moist nor too dry, but just right to keep foods in prime condition.

Where there are children in the family, it is particularly important that here be a plentiful supply of ice in the ice box all the time. Their vigorous young bodies must depend on food that is pure and healthful.

Make us responsible for keeping your refrigerator well iced.

Actress Sustains Wound In Attack

HOLLYWOOD, CALIF., April 8.—Kathryn Cox, comely motion picture actress, today was in a critical state at General hospital where she is suffering from a skull fracture received in a mysterious attack.

The Auburn haired actress was found in a dazed condition yesterday and was taken to the hospital. An examination showed she had received a deep gash over one eye which may mar her beauty permanently. She was unable to explain the assault.

Miss Cox Saturday filed a \$30,000 suit against Carl G. Robbins, Los Angeles oil man. Her suit alleged he had jilted her after a two year engagement.

THE YOUNG ITALIAN IS proud of his country, as he well may be. Speaking of endurance, he said modestly, "The Italian nation has endurance inherited from the Romans six hundred years ago we had Dante. Now six centuries later we produce our great leaders, Mussolini and Marconi. Who knows what Italy will produce 600 years from now?"

Prohibition agents, observing honey bees flying straight in one direction, coming back zig-zag, the across for wear, discovered a large whiskey still. This column suggested that honey bees might help prohibition agents.

M. M. Levand, owner of the Wichita Beacon, telegraphs "vice squad here tried out your honey bee theory and it worked. Led police raiders to liquor still. Mailing you copy of Sunday Beacon with full details and pictures. Believe you discovered solution of wet problem."

IT WILL TAKE MORE than honey bees to solve the wet problem. You must persuade the tired business-men to respect the constitution and the liquor law among other laws.

White mice, highly sensitive, were used in the trenches to detect poison gas before men could perceive it.

If bees could detect the presence of whiskey stills and lead prohibition agents to them that would be interesting. But it would not end bootlegging.

"MONEY GOES TO MONEY," said the old French peddler leaving his 10,000 francs to the head of the Rothschild family.

The Fox company, after a determined fight, goes to Halsey, Stuart, able bankers, and to the A. T. & T. short name for the American Telephone & Telegraph Co., which, with \$4,000,000,000 of real property, is probably the Mount Everest of our high finance.

The winners admit that William Fox gave them a hard fight, with the Wall Street smash against him.

Today's Pattern

1882

Isn't this a cunning little rig for a smart little miss? The cleverly shaped yoke is most becoming and the inverted pleats afford freedom as well as grace. The frock is sleeveless, but the shoulders are cut to cover the arm a bit. Tiny pearl buttons form attractive trimmings.

Design 1882 may be made of printed gingham, percale, dimity, pique, voile, etc. The yoke may be made of the same fabric, or may be of contrasting color as in the sketch. Narrow lace or embroidery gives a dainty finish.

This pattern may be ordered only in sizes 2, 4, 6 and 8. Size 2 requires 2 1/2 yards of 36 inch material and 3 yards of lace.

No dressmaking experience is necessary to make this model with our pattern. Yardage for every size, and simple, exact instructions are given.

Coupon

This pattern will be delivered upon receipt of 15c, coin or note, and a 10c stamp. Latest Fashion Book 10c. Send all orders to SALEM NEWS PATTERN DEPARTMENT, 243 WEST 17TH STREET, NEW YORK CITY.

NATION CONCUR ON NAVAL PACT

Only One Point Blocking Agreement of Powers In London Parley

LONDON, April 8.—Complete agreement was reached today by Secretary Stimson, Prime Minister MacDonald and Reijiro Wakatsuki on all points regarding a three-power pact except the important Japanese point regarding the transfer of 20,000 tons from the destroyer to the submarine category.

This latter problem will be discussed at another meeting of the big three leaders tomorrow.

The three statesmen agreed on earlier replacements program for light cruisers and destroyers.

While these conversations were going on, Foreign Minister Briand of France arrived in England and will meet Prime Minister MacDonald at the House of Commons later in the day.

Mr. and Mrs. Wesley Stoffer entertained at a family party Sunday in honor of the 70th birthday anniversary of Mr. Stoffer's father, George D. Stoffer whose birthday was on April 1.

Guests included his brothers, Levi Stoffer, Roland Stoffer and Leander Stoffer and wife; his daughter, Mrs. Jesse Mount, her husband and family; his son, Russell Stoffer and wife of Akron; granddaughters, Misses Wilma and Gwendolyn Stoffer of Beloit; his son, Leroy, who lives at home, and Mr. and Mrs. Earl Austin, of Cayuga Falls.

Twenty-five women attended the meeting held Wednesday afternoon at which time E. R. Lancashire, specialist of Ohio State university, gave an interesting and instructive talk on gardening and home gardens.

Miss Edith Holmberg, of Lisbon, had charge of the meeting.

Mrs. Wesley Stoffer entertained the members of the Ladies Aid society of the Brethren church on Thursday afternoon.

Communion services was observed at the Lutheran church Sunday morning.

Survey Enforcement

CLEVELAND, April 8.—Investigation to determine how much effort is spent by Cleveland police in enforcing the prohibition laws, and to learn the activities of welfare organizations as regards prohibition, was started today by the Cleveland Federation of Women's clubs, in response to a board action. Findings will determine the federation stand on the dry question, officials indicated.

Verdict Of \$600 Given
 A jury has rendered a verdict in favor of the defendant in the \$600 automobile damage case filed by Cyrus C. Snyder against H. D. Snyder. The petition was filed by James against son.

In the divorce action of James W. Hood against his wife Ethel Weed, the court has amended a former entry which places the custody of a minor child with the plaintiff. Leave to the plaintiff to file an amended petition on or before April 15, 1930 has been granted by the court in the case of the New York Business & Volume Co. against Knowles, Taylor & Knowles Co.

William Weaver, defendant in the case of the State of Ohio on relation of Ella Scott, has appeared in court and has admitted the charges in the affidavit of the plaintiff. The court has ordered that Weaver pay the plaintiff \$200 and also the costs in the action.

The chattel mortgage has been determined to be the first and best lien in the case of the Hamilton Mfg. Co. of New Jersey in its suit against Jay Cascio, formerly doing business as the East Palestine Produce Co. The property is to be sold and the proceeds distributed.

New Trial Over-ruled
 When Albert Shaffer sued Philip Eidener in common pleas court for \$8,198 for coal taken from his land, Eidener went before Judge W. F. Lones and offered to confess judgment for \$200. This was refused by Shaffer, who insisted that the case go to trial. Recently a jury returned a verdict in favor of Shaffer for \$120 and costs.

The court has now overruled a motion for a new trial, has entered a judgment on the verdict, and has also decreed that Eidener shall pay only those costs that were entered up to the time of the offer to confess judgment. This order places the costs of the jury trial on the plaintiff.

Motion Sustained
 In the case of Elizabeth Allen against Wesley Kelley and others, Judge W. F. Lones has sustained the motion of the First National Bank of East Palestine to be made a party defendant in the case. An answer and cross petition of the bank is to be filed on or before April 12.

The court has approved and confirmed the report of Attorney Ben L. Bennett, administrator of the estate of the late Harry McNicol of East Liverpool.

Gertrude A. Stewart, who has been appointed guardian by Judge Riddle for Archibald and Charles A. Stewart, minors, has been placed under \$100 bond.

Divorces Are Requested
 Albert Davis of Lake Placid, Fla., has been sued for divorce by his wife Nellie M. Davis, by a petition filed in common pleas court by her counsel H. W. Hammond. They were married Jan. 22, 1915, at Pittsburgh, Pa., and have two children.

Davis is charged with extreme cruelty in that he beat and struck his wife leaving black and blue marks. The custody of the minors is sought upon final hearing of the case.

Bernice McGaffick of Salem, through her counsel K. L. Coburn, has filed a divorce action against her husband Russell P. McGaffick. They were married at Detroit, Mich., July 2, 1925. McGaffick is charged with three years habitual drunkenness, gross neglect of duty and extreme cruelty.

Estate Is At Issue
 Charles Brown married Anna Garland back in 1894, then left Columbiana county and went to Kentucky where he is reported to have obtained a divorce and then went into a southwestern state. Since then nothing has been heard from him for 26 years.

The court has been asked to declare Brown dead, in order that William C. Maple of Kensington, administrator of the estate of Anna Garland can make a distribution of a fund of \$8,254.07 now held by him. There are several heirs to the estate, although the decedent died without issue, according to the petition filed by Maple through his counsel W. W. Beck and against Emma Conner and others.

Case Carried Higher
 The case of Chief Levin of Easton, Pa., against Herbert Goodwin, 1213 St. Clair ave., East Liverpool, recently tried before a jury in municipal court at East Liverpool has been appealed to common pleas court. The case was carried to the higher court by the defendant who is represented by Brookes & Thompson.

DEATHS

JOHANN MEINER
 Johann Meiner, 14-month-old daughter of Mr. and Mrs. Raymond Meiner, died at 9:15 a. m. Monday at the home near stop 7 of the Y. and O. railroad in Salem township. Pneumonia was the cause of death. Funeral service will be held at 10 a. m. Wednesday at the Stark Memorial in charge of Rev. S. A. Mayer, pastor of the Methodist church. Burial will be in Hope cemetery.

Burned In Fire

NEWARK, April 8.—Joseph Glatton, 42, poured kerosene in a heating stove yesterday, it exploded, igniting his clothes and his house. He dashed out to the cistern and hopped in, extinguishing his burning clothing. Then he hopped out, ran back into the house and beat out the flames there. Hospital attendants said today he had a good chance to recover from his burns.

CARD OF THANKS

We desire in this manner to thank all friends and neighbors for their help and kindness extended during the illness and after the death of our mother, Mrs. Mary E. Kendig.

THE CHILDREN.

We want to thank you all for the kindness and sympathy shown us. MRS. FREDERICK CHRISTEN, AND CHILDREN.

has always had a FREEZING REGULATOR—and it is accessible

ORDINARILY the usual low temperature in the General Electric Refrigerator... always well below 50°... is sufficient for all food preservation purposes, as well as for the normal supply of ice cubes. But there are times when a greater degree of cold is required for desserts or a still greater number of ice cubes.

The General Electric Freezing Regulator has been scientifically designed to meet just such emergencies.

Year's Pin Classic At Final Tilt

CLEVELAND, April 8.—The world's greatest bowling show has ended and preparations were being made today to send more than \$100,000 in prize money to the cream of the nation's pinsters who carried off honor in the 30th annual American bowling congress.

Six weeks of 15-hour sessions of the alleys by more than 30,000 bowlers ended last night with no change in the singles and doubles standings. Larry Shottwell of Covington, Ky., who set a new all-time A. B. C. record of 774, won the singles championship; Jimmy Devine and Garry Heup of Beloit, Wis., took the doubles title with 1,339 and George Morrison of Chicago topped the all-events championship with 1,985.

The D. Graft and Sena team of Kalamazoo, Mich., previously had won the five-man events with a 2,100 score that has been bettered only three times in the congress history.

All of last year's champions were dethroned. Shottwell was the lone record-breaker.

Masonic Club Bowling

Joe Reese led bowling in the Salem Masonic league, averaging 189 pins in 45 games during the season. He was followed by J. Carpenter and J. Armstrong who averaged 174 for 39 games.

The "yellow" team won championship honors in the circuit composed of six teams, winning 29 out of 45 games. The "red" team was second, "green" third and "blue" fourth. The "white" and "black" finished fifth and sixth, respectively.

Bill Finley was fourth in individual performances with an average of 173 while H. Wilkinson was fifth with a 172 average. Season's averages for all bowlers follow:

V. Rakestraw, 171; G. Harding, 170; M. Thiel, Orville Hoover and C. Finnan, 169; Bob Wright, L. Keonreich, 166; Earl Beardmore, Joe Calladine, Wilbur Springer, 164; Herman Wright and P. Myers, 161; G. Hawkins and Arch Wentz, 160.

Eddie Lauver, 157; John Deutt, 156; J. Burns, 155; C. Clay, 154; A. Prethly, 151; D. Carey, W. Aldon, W. W. Tolerton, 150.

C. Tolerton, 149; C. W. White, 148; E. Taylor, 147; G. Lodge and K. Bureau, 145; Stanbaugh and E. Day, 141; S. Keonreich, 131; E. A. White, 122; L. Redfoot and C. Stella, 121.

NEW ORLEANS, April 8.—Lee Poncea, like every one else connected with the Cleveland Indians' camp, is assured the tribe will be in the pennant race all the way. The slugging first baseman observed that four weak spots of a year ago have been overcome. Luke Sewell is back in form, Porter promises to become a real threat at bat, Hodapp has strengthened second base and either Lind or Goldman will make a capable shortstop, thinks Poncea.

Koniola Calms Nerves; Aids Indigestion!

Young Cleveland Matron Glad To Tell What New Medicine Did For Her

MRS. ANNA GREEN

Is there not hope and encouragement for sufferers who are searching for relief from their ills in the words of Mrs. Anna Green, 5712 Curtis Ave., Cleveland, who recently said: "Koniola was the first medicine of all I tried that gave me any relief from the miseries of indigestion and shattered nerves. I had to force myself to eat, and my stomach rebelled at this. Food was not properly digested, and my nerves became affected. As the weeks passed, I lost steadily in weight and strength. "But how differently I feel now since taking a treatment of this remarkable Koniola. I had no idea such a complete change could come over one in so short a time. My nerves are calm, my digestion and appetite are normal, and I am sleeping fine. And how much better I feel in every way! To me Koniola is wonderful, and I endorse it with all my heart."

It is logical to believe that what Koniola has done for others it will do for you—for everyone. This is especially true if Koniola is given a fair trial and six to eight bottles are recommended as a fair trial.

Koniola is sold in Salem, O., at The J. H. Lease Drug Co., Three Storen and by all the best druggists in all towns throughout this entire section.—Adv.

THE DAY In Sports

BANQUET ATTRACTS MANY A. W. DICKERSON HONORED

A LARGE GATHERING is expected at the basketball banquet which will be held at the Memorial building Thursday night. Forty-two had purchased tickets from Joe M. Kelley for the occasion up until noon Monday and a large group will be expected to attend. The banquet is not at all limited to basketball players or fans but to the entire public in general.

BASKETBALL SEASON has been closed officially throughout Ohio but in Sharon, Pa., fans are still lauding the city's high school team for its winning of the Pennsylvania state championship team. Returning from Philadelphia where the team emerged victorious in the state tournament, it was greeted by a representation of more than 10,000 fans at the railroad station.

A. Warren Dickerson, Sharon high basketball coach, is a former Salem high athletic director, having been in charge of coaching duties here about 10 years ago. He transferred to Sharon where he has developed several outstanding quintets. His team has won several district championships and twice before was a strong contender for state honors. It was the first time in the history of Keystone state basketball that the scholastic title was won by a northwestern Pennsylvania team.

THE PAST YEAR was the best ever experienced by a Sharon team. It won 23 games and lost only two out of 25. That year one of its state tournament finals with Steelton, state champ. In the past four years, Dickerson has had three northwestern league champions and also won the Mercer county title each season. A recapitulation of his record in these years follows:

1925—won 16, lost 4; 1926—won 14, lost 3; 1927—won 25, lost 2; 1928—won 15, lost 7; 1929—won 21, lost 4; 1930—won 23, lost 1.

Even Salem High finds it impossible to equal this record.

ANOTHER FORMER SALEM coach, Douglas Vivian, is making good as coach of the Struthers High girls team that last season had an outstanding record. The Vivian-coached lassies trimmed the sextet representing Salem High last season by a 52-24 score and cleaned up the entire district.

Walter A. Wiffler, who assisted Wilbur Springer in the latter's development of great teams for two years, is now coaching at LaCrosse, Wis., high school and J. Morgan Ruffner, Floyd Stone's chief aide last season is now a school principal.

Joe Reese, member of the Salem Masonic bowling team, registered a nice record for his pin-crashing performances the last season, averaging 189 pins in both the local league and the inter-city loop. He led the Salem circuit and was third in the district. His average for the year, in 99 official games, stands at 189.

J. Armstrong, another mainstay of the Masonic outfit, held a high mark in maple-crashing activities. He averaged 181 in 90 games in both leagues, getting a 186.52 in the sectional circuit and 174 in the Salem loop.

GRIDIRON FEUD ENDS IN FIGHT

IRONTON, O., April 8.—Roy "Father" Lumpkin, former Georgia Tech star, may be able to get by Dick Powell on the football field, but not in the ring.

The two heavyweights changed their gridiron feud into a boxing match here last night and Powell who gained recognition on the Davis-Ekins eleven, won by a knockout in the fourth of what was billed as an eight-round bout. Lumpkin held his own in the first round, but was punished regularly thereafter until he took the count.

The grudge between the two began last fall when Lumpkin played in the backfield for the Portsmouth Spartans football team and Powell was at end for the Ironton Tanks.

Sonnenberg Wins

SEATTLE, WASH., April 8.—Using a flying tackle and a crushing body slam, Gus "Dynamite" Sonnenberg, claimant of the heavy-weight wrestling championship, defeated Howard Cantonwine of Des Moines, Ia., here last night.

CHICAGO, April 8.—Jackie Fields, world welterweight champion has been ordered to sign up for a championship fight by the Illinois State Athletic commission. The commission decided that Fields had delayed too long, the business of defending his title.

Cage Schedule Is Set by O. S. U.

COLUMBUS, April 8.—Ohio State has filled its five-game non-western conference basketball schedule for 1929-30 with games at home against Pittsburgh, Dec. 13 and Cornell Dec. 31, and away from home at West Point military academy, Jan. 31; Columbia, New York, Feb. 2, and Notre Dame at South Bend on an unnamed date.

Fessler Turns Down Police Chief; 17

COLUMBUS, April 8.—Football for dear old alma mater gets the call over talkie football as far as Wesley Fessler, Ohio State's all-American end, is concerned. It was revealed yesterday Fessler had turned down an eight weeks-\$1,000 offer to make a football talkie, because it would make him ineligible for further competition at Ohio State, where he also plays basketball and baseball.

DALLAS, TEXAS, April 8.—One of the Pittsburgh Pirates' cripples is about ready to return to the lineup, Dick Bartell, flashy shortstop, who has been out of service with a sprained ankle, worked out with his mates for a while yesterday and will take another brief drill today. The ankle is about mended and Dick was warned to take things easy.

Volleyball Season Scheduled To Get Under Way Here Soon

Salem High Students Banded Together In League While Memorial Building Will Be Scene Of Annual City Circuit Battles

Volley ball activities started at Salem High school gym for the 1929 season Monday and are scheduled to get under way at the Memorial building gymnasium within the next week or ten days.

Organization of a city league is planned by Joe M. Kelley. Teams planning to enter the circuit are requested to notify him as soon as possible in order that the season's scheduled may be arranged.

Both boys and girls will participate in competition at the school gym. Inter-class leagues have been organized with each of the four classes represented. Class managers have been appointed as follows:

Boys-teams—Nate Caplan, seniors; Gene Yarwood, juniors; Jack Balentine, sophomores; Billy Corso, freshmen.

Girls' managers—Mary Margaret Burt, seniors; Ada Hanna, juniors; Thelma Matthews, sophomores and Mary Weigand, freshmen.

A short schedule of games has been arranged for the scholastics. Games however, will run throughout the season and will be played every noon and in the afternoon after school.

Volley ball has proven a popular sport in both scholastic and city

activities and at least eight teams are expected to enter the latter. Several of the teams who will compete in this circuit are planning to attend the basketball banquet which will be held at the Memorial building Thursday night.

All lines of sports will be represented at this occasion. Teams competing in football and regulation baseball leagues, football fans and players, and other sporting fans and players will attend.

Regular Hurlers To End Up Exhibitions

DOUGLAS, ARIZ., April 8.—Regular pitchers, with Fred Blake likely to draw the first assignment, will do the hurling in the Chicago Cubs' final training series which opens Thursday against the American Association champion Kansas City Blues.

Charlie Grimm, who has been out with a cracked rib, is expected to be back at first base during the four game set, but Lester Bell's throwing arm may keep him from operating at third base.

Award of a beautiful bronze plaque has been made to W. H. Kniseley & Son, Inc., of Salem, by the Goodyear Tire & Rubber Co., of Akron, in recognition of the local man's 20 years of friendly relations with the Ohio Company.

The plaque was accompanied by a letter from P. W. Litchfield, president of the Goodyear Co., expressing his appreciation of Mr. Kniseley's loyal representation of their concern as one of its dealers.

The name of Kniseley's and the Goodyear Co., both appear in upraised letters upon the bottom of the plaque. Various vehicles of transportation, including the private automobile, bus, truck, railroad train, steamboat, airplane and Zeppelin, are portrayed in bas-relief.

In the background looms the main plant of Goodyear's home factory at Akron and the huge Zeppelin factory and dock which was completed recently on Akron's Municipal airport.

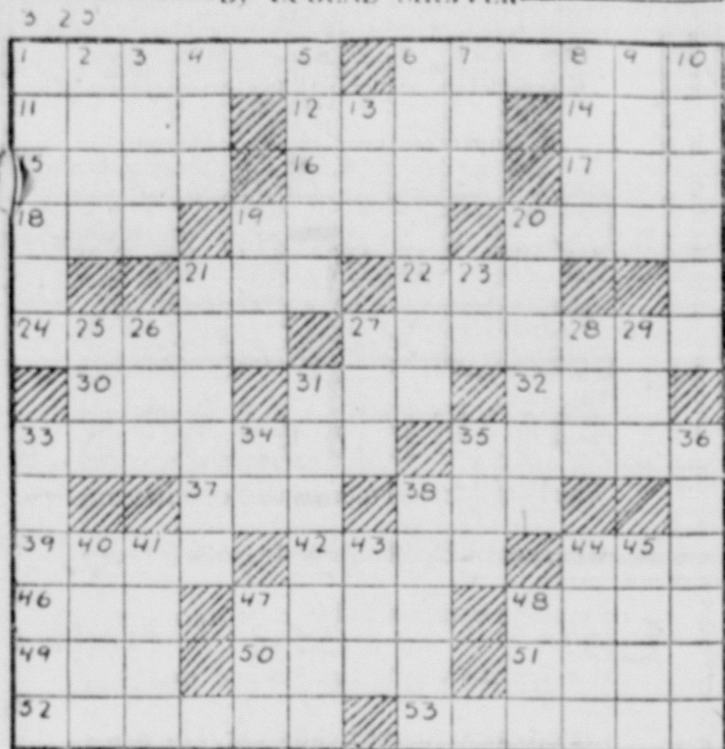

In the center foreground appears a Goodyear All-Weather Tread auto tire which encircles the flag of the Goodyear Co.

The picture symbolizes the advancement of transportation facilities being stimulated by the cooperative efforts of the vast Goodyear organization and W. H. Kniseley & Son, Inc., its local representative. W. H. Kniseley & Son, Inc., plan to hang the beautiful plaque in a conspicuous place in their store so that their many patrons and friends may inspect it.

BANDITS LOOT CHINESE AREA

Missionaries Free After Fleeing; Fate of Others Unknown

SHANGHAI, April 8.—Although three missionaries who escaped the bandit attack on Yunchow, Kiangsi, recently by fleeing into the mountains, made their way to safety and Miss Nina E. Gemmell, an American missionary formerly of Tacoma, Wash., and Girard, Kas., was reported to have been released, brigands today continued looting and raiding south of here.

A band of 500 brigands was reported to have captured, looted and

burned numerous villages near Sunkiang, Kiangsu Province, 25 miles southwest of Shanghai. Fifty school children were kidnapped and held for ransom and three constables and a magistrate were reported killed by the lawless band.

Miss Gemmell was reported to have been freed by the bandits who had held her for ransom of \$20,000 Mexican, when the Rev. R. H. Glazier, an American missionary and two British women missionaries made their way to Changsha, Hunan, after fleeing the bandit attack at Yunchow. No details of the American Woman's release were given nor was mention made of the Rev. and Mrs. R. W. Porteus, British missionaries who were kidnapped during the same raid.

Howard's gun was a toy pistol.

Guarding Graves

Will save your clothes FROM MOTHS

Invest just \$1 in a can of Expello and hang it up in your closet over your clothes. No more moths, no more moth worms — no more holes. Expello is a heavier than air vapor in crystal form that seeps down through every fold and pleat and finds the hidden, hungry moth worms. That is the end of them, not one can escape. Expello is harmless to all except the moth family. It will the stain. It cannot spot. The odor disappears as soon as the clothes are put on. What could be simpler? No spraying. Just hang up the can and you have real moth protection. Better buy one or two of the \$1 cans today and save your clothes.

"DISRAELI"

At The State

Last night the State theater presented George Arliss in "Disraeli." This is a talking screen version of the play of the same name in which Mr. Arliss starred for four years. There is no doubt but that it will be at the head of the season's finest productions.

Arliss is well assisted by a most capable cast. Chief among the members are Florence Arliss, wife of the star; Joan Bennett, who is exquisitely beautiful as well as clever; Anthony Bushell, an interesting new leading man; Ivan Simpson; an old troupier and a good one; David Torrence, an excellent "heavy"; and Doris Lloyd, charming and shy in the role of the spy. The story deals with one of the most exciting periods of Disraeli's career—the time when he fought against all opposition to obtain the Suez Canal for England. Later his opponents realized that he was correct and his Queen decorated him for the coup in acquiring acquisition of the canal.

"BEHIND THE MAKEUP"

"Behind the Make-Up" is an unusual picture. It is a glimpse into the lives of the people who make the laughs on the stage and make the scenes include interesting sketches of quaint old New Orleans bright-

Weather Outlook

The general eastward atmospheric drift of the last 24 hours has carried the northeastern disturbance down the St. Lawrence valley although the air pressure is still rather low from the upper Ohio valley to Maine; the great western anti-cyclonic area has spread south and east and now dominates the central valleys, except in upper Missouri; under its influence there was a further reduction in temperature last night quite generally over the eastern half of the country.

The prevailing temperatures over Ohio and the Ohio valley are 5 to 10 degrees below the normal. The great central "high" will continue to drift slowly east, resulting in fair, continued cold weather in this vicinity tonight, followed on Wednesday by fair weather with slowly rising temperature.

One woman's wit against another's "it" for the love of the same man.

lights New York, back-stage dressing rooms and luxurious gambling saloons. Ray Francis and Paul Lukas, both well known for their screen performances, have important minor roles. Miss Francis, the sleek brunette of "Gentlemen of the Press," appears as the sophisticated adventuress in "Behind the Make-Up" and surely upholds her title to being the "best-dressed" woman in pictures. Lukas gives a smart touch to several luxurious scenes. He was seen here lately in "The Wolf of Wall Street."

There is music and laughter and gaiety in this realistic story and, altogether, it is entertainment of a high and distinctly adult order.

ABOUT TOWN

National Meeting

Indian Hears Of Crack Nine In Prison So He Paves Way For Trip To Jail

EUREKA, CAL., April 8.—Jonas Grant, 19-year-old Indian, was being held here today on robbery and arson charges as a result of his confession that he robbed the home of Charles Marsh, a rancher, and burned down a barn in the hope that he would be sent to San Quentin prison and given an opportunity to play on the convict baseball team.

Grant said he had been unable to find a place on the Redwood Creek, Cal., nine and had heard from an ex-convict that the San Quentin team was one of the best in the state. He said he fired the barn in order to awaken the Marsh family and assure his arrest.
